Numb. 822

The Daily Gazetteer.

Tuesday, February 21. 1738. № 830.

LETTERS from Dresden say, they talk variously of the Reasons that have determin'd the King of Poland to discharge Count Sulkowsky from the Exercise of the Office of his Minister of the State and Cabinet. He was also Master of the Horse to the Court, and Great Master of the Wardrobe. The Count de Bruhl, who had the Province of Foreign Affairs jointly with him, went to his House, accompany'd by the Count de Prese, Great Chamberlain of the Court, and declared to him, that they had an Order from the King to demand his Papers and carry them to his Majesty. The Count Sulkowsky having carry'd those two Noblemen into his Closet, left them at Liberty to take away what Papers they thought fit, which they sealed up and then carried to the King; and they say that his Majesty has appointed two Commissioners to examine them. The Count Gabaleon de Wackerbarth Salmour, who succeeds Count Sulkowsky in the Province of Foreign Affairs, was before a Minister of State, and Governor to the Prince Royal. This Count, who is a Native of Piedmont, was Minister to the late King Augustus II. at the Court of Bavaria, afterwards at Vienna, and then at the Holy See. He was also one of the present King's Plenipotentiaries to the Republick of Poland.

They write from Venice, that the Magistrates of Health, who spare nothing for an exact Account of the Epidemick Distemper that has broke out in Transilvania, have received Advice from thence, that on the 10th of January 13 Villages were infected with it, and 61 Houses shut up; that 95 People had died, 55 were sick, and 27 on the mending Hand. There were Troops posted to guard the Passes; but as no Lines were drawn to hem in the Country, several Outlets from the Country were left open. A Messenger arrived on the 28th ult. O. S. with Advice, as they say, that the Distemper was spread to 31 other Villages. They add, that the Magistrates of Health actually talk of forbidding all Communication with Dalmatia and the Imperial Parts of Croatia and Istria.

IRELAND.

Armagh, Feb. 8. Yesterday two young Fellows were committed to our Prison for robbing the Mail. Mr. Lorimer had the good Fortune to take them last Monday where they lived near Mountnorris; they are Brothers of the Name of Magenis, and appear to be very mean, ignorant Creatures; they had been at a Fair, and in Drink, and so met the Post, and robb'd him, as he swears. It is said a third Person was at the Robbery, that he is a Fiddler, and not yet taken; there is no certain Account of the finding any of the Letters, for they obstinately disown the Fact.

From divers Parts of the Country we are inform'd, that the Weather is very fine; and that they have a Prospect of an early fine Spring.

From Cork, that the Trade of that City, particularly in the Woollen Way, being greatly decay'd; many People have been oblig'd to shut their Shops. And that the Weavers are in a most pitiful Condition: Which the Corporation of that City having taken into their charitable Consideration, have employ'd them in levelling a Piece of Ground, intended for a Walk for the Citizens.

Ipswich, Feb. 15. On Wednesday the 8th Instant Mr. Timothy Peacock, at the Sun and Clock Organ Tavern in Dedham, Essex, undertook, for a considerable Wager, to carry forty Comb of good Wheat from his House to Manningtree, it being between 4 and 5 Miles, with his own 5 Horses, the highest not 14 Hands 3 Inches high: He set out about One in the Afternoon, and when he had gone between two and three Miles, and pass'd all the Hills (which Hills are very steep, viz Jupiter's Hill, Layford Hill, and Wignall-street Hill) 'twas granted that he had won the Wager, notwithstanding he proceeded to Manningtree, deliver'd the Wheat, and was at Home with the Team about 7 at Night. There is a Gang of Pig-stealers now infesting this Part of the Country; but as one of their Gang, now in Newgate, has impeach'd, there are Hopes of their being soon taken. One of them it seems, lately robbb'd a Person near Dundery of a considerable Quantity of Money. Two of this Gang had lately the Impudence to open a Sty, belonging to a Farmer near this City, and drove out 6 Pigs before the Farmer's Face, who soon pursu'd and took 'em; but having obtain'd Satisfaction for his Pigs, (forgetting that to compound Felony, is Felony) he refused to prosecute the Villains, to the great Detriment of those Persons who deal in that Way.

An immediate and never-failing CURE *for* Deafness, Thickness of Hearing, Noise or Pain in the Ears, *&c.*

BY a noble Chymical Preparation, the most excellent Medicine for this Purpose that ever was known, far exceeding all things ever yet published, or made Use of; its Virtues are beyond Expression, and cannot be truly known but by Experience: Words come short of its just Praise.

It is a certain, and, as it were, an instant Cure for Deafness, Thickness of Hearing, Noise or Pain in the Ears, from what Cause soever, or of ever so long standing, having cured vast Numbers of Persons of both Sexes, and all Ages, that have been in a manner totally deaf, after all other Means and Medicines external and internal, by Advice, and also by Publication, have failed, with the greatest Ease and Safety, and to their utmost Satisfaction and Wonder; for,

In a peculiar Manner it strengthens, softens, and loosens the Drum of the Ear, which by being dried, or shrivell'd, is often the first, and chief Cause of every Complaint of want of Hearing, or of Noise, or Pain in the Ears, &c. To remedy all which, this noble Medicine is a true Specifick, that never fails perfectly to cure all possibly curable Cases, after all other Means and Medicine have utterly failed; which is more than can be said of any other Thing in the whole World besides itself: Any Cold in the Head, or any Hurt by congealed Matter in the Ears, it instantly cures.

It is sold for 3 s. 6 d. each Bottle, by the Author's special Appointment, at Mr. Richards's Tinshop, the Sign of the Black Horse and Star, in Fleet-street, near Fleet-Market; and no where else in England.
